Elie,

Bamboo in the public Right-of-Way is to be removed as part of the clearing and grubbing activity. This is a part of the agreed scope of work and is to be completed as such. As we discussed in the pre-construction meeting, please refer neighbors or other interested parties to the construction inspector or myself for all issues related to the project. In the absence of the inspector or myself, please refer questions to David Archer (310) 477-3740.

Thank You

Jim Burman, P.E.

Dear Jim,

The Bamboo on the southern block is in the way of our sidewalk layout plan, and the neighbors came and told us that they want to keep it as is.

Please advice.

Thank you,

Elie Naaman
